BRAIN ESSENCE BLEND

The Brain Blend facilitates clearer thinking, more focus, and increased emotional and mental stability. It increases whole brain functioning by supporting the energetic pathways that facilitate neural and biochemical communication between all parts of the brain. This leads to a greater sense of wellbeing.

Four Brains

1. Brain Stem/Instinctive/Autonomic/Reptilian
2. Limbic/Emotional/Old Mammalian
3. Cerebral Cortex/Cognitive/Newer Mammalian
4. Prefrontal Cortex/Higher Consciousness, Compassion, Long Range Planning/God Mind

This blend is highly effective on its own. It also enhances brain functions connected with Du/Ren, Bladder, Kidney, Stomach, Spleen, Gallbladder and Liver Organ Energy Meridian Systems. 1 or 2 drops of the Brain Blend may be taken at same time as any of the Organ Energy Meridian Blends.
