Spiritual Spine

Spiritual Spine Essence Spray aligns your physical spine with the energies of spiritual spine. It instills courage, fortitude, and flexibility during tumultuous times. It encourages having the "backbone" to stay grounded during chaos while accessing personal peace and compassionate equanimity. It aligns your chakras, and keeps you connected energetically to Mother Earth's energy fields while experiencing your multidimensional Self. Spiritual Spine supports you to stand in your power and see through the illusion of the collective fear, to sense what feelings are yours and what are not. Then to compassionately and gently release what is not yours. All the while being able to function in your daily life.

Spiritual Spine is a paradigm shifter. For example, instead of standing in line desperately waiting to buy iodine tablets in case of possible nuclear exposure, it encourages you to send your love to the people, animals, nature beings, waters, lands and air that have been devastated by an actual disaster. It syncs a compassionate heart with practical action.

Spiritual Spine contains the following ingredients: Western Red Cedar Tree, Self Heal, Garry Oak Tree, Pacific Dogwood, Rattlesnake Plantain Orchid, Golden Celebration Rose, Grand Fir Tree, Grandmother Big-Leaf Maple, Pathfinder, Marshmallow, Sweet Valentine Rose, Pearly Everlasting, Twinberry, Cooley's Hedge-Nettle, Starflower, Trillium, Spirea, Skullcap, Soapberry, Dwarf Wild Rose, Chocolate Lily, Red-Osier Dogwood, Goat's Beard, Gamet Hollyhock, Lily of the Valley, and Douglas Fir Tree. **Energetically charged in a crystal matrix of:** Drusy Quartz, Golden Topaz, Icsohedron Cut Quartz, Jeffrey's Quartz, Moldavite, and Spirit Quartz (Amethyst & Citrine.)

About Process Blends

Tree Frog Farm Process Blends are designed to support your healing, spiritual growth and daily life processes. They come in the red shiso base with a handy spray top or in brandy base with a dropper top for easy use. Carry them in your purse or backpack. Use them during the day at school, work or home, and when you wake up at night.

We specialize in offering flower essences in a herbal/vinegar base. The herb, red shiso, is high in antimicrobial properties. We add small amounts of organic white grain vinegar to batches of red shiso tea to further strengthen the carrier base. Process Blends are unscented and can be used by people who are sensitive to scents.

Each Tree Frog Farm flower and tree essence is energetically grounded through crystals, which informs the way this flower essence seats into the body/mind. Our blends are also charged in a crystal matrix, which influences the quality and action of each Process Blend.
